HAWAII PRODUCTS

Historical Note: Subchapter 1, Chapter 124 Subtitle 11 of Title 3, Hawaii Administrative Rules, is based upon Chapter 60 of Title 3, HAR, Rules Governing Preference for Hawaii Products of the department of accounting and general services. [Eff. 3/20/81; R 12/15/95]

§3-124-1 Purpose. The purpose of these rules is to provide procedures for qualifying and registering products on the Hawaii products list and for the application of preferences thereof. The objective is to promote the use of Hawaii products, as defined below, by state purchasing agencies. [Eff 12/15/95; comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

§3-124-1.01 Applicability. (a) These rules shall apply to all solicitations made pursuant to sections 103D-302 and 103D-303 issued by a purchasing agency when a registered Hawaii product is available where the product is required.

(b) These rules shall not apply whenever the application will disqualify any government agency from receiving federal funds or aid. [Eff and comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §§103D-305, 103D-1002)

§3-124-2 Definitions. As used in these rules:

"Hawaii input" means that part of the cost of a product attributable to production, manufacturing, or other expenses arising within the State. "Hawaii input" includes but is not limited to:

- (1) The cost to mine, excavate, produce, manufacture, raise, or grow the materials in Hawaii;
- (2) The added value of that portion of the cost of imported materials that is incurred after landing in Hawaii;
- (3) The cost of labor, variable overhead, utilities, and services incurred in the production and manufacturing of materials or products in the State;
- (4) Fixed overhead cost and amortization or depreciation cost, if any, for buildings, tools and equipment situated and located in the State and utilized in the production or manufacturing of a product.

"Hawaii product" means product mined, excavated, produced, manufactured, raised, or grown in the State by a person where the input stated under the definition "produced or manufactured" constitutes no less than twenty-five per cent of the manufactured cost. Where the value of the input constitutes twenty-five per cent or more but less than fifty per cent of the manufactured cost, the product shall be classified as class I; where the value of the input constitutes fifty per cent or more but less than seventy-five per cent of the manufactured cost, the product shall be classified as class II; where the value of the input constitutes seventy-five per cent or more of the manufactured cost, the product shall be classified as class III.

"Hawaii products list" means the list published by the administrator itemizing those products that have been found qualified as Hawaii products, the names and addresses of the manufacturers, the classes and preference percentages that the products will be allocated if they meet the requirements for which offers are solicited.

"Non-Hawaii product" means a product that is not registered on the Hawaii products list.

"Person" means every individual, partnership, firm, society, unincorporated association, joint venture, group hui, joint-stock company, corporation, trustee, personal representative, trust estate, decedent's estate, trust, or other entities, whether

the persons are doing business for themselves or in any agency or a fiduciary capacity.

"Produced or manufactured" means the processing, developing, and making of a thing into a new article with a distinct character and use, through the application of input within the State including Hawaii products, labor, skill, or other services. This does not include the mere assembling or putting together of non-Hawaii products or materials.

"Product" means a material, manufacture, merchandise, good, ware, and foodstuff.

"Registered Hawaii product" means a Hawaii product that is registered on the Hawaii products list.

"Solicitation" means an invitation for bids or a request for proposals. [Eff 12/15/95; comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

§3-124-3 Qualification procedure. (a) Any person desiring a preference pursuant to this subchapter, must have the product(s) qualified and registered on the Hawaii products list. The responsibility for qualification shall rest upon the person desiring the preference. The product(s) shall be found qualified and on the Hawaii products list before a preference may be granted. Persons desiring to qualify their product(s) shall complete an application according to instructions and file with the administrator. Financial information submitted to the administrator pursuant to these rules for the purpose of determining classification of a product shall be treated as confidential when a person has made a written request for confidentiality. In accordance with Chapter 92F, HRS, the administrator shall properly safeguard such information and shall not make it available to the public.

(b) A single application may be submitted for more than one product; however, separate data sheets shall be submitted for each product for which registration is requested. Further, it is necessary that each product be specified clearly and not by broad category of product.

(c) Cost data for each product shall reflect the product's actual total production cost for the most recent full accounting period. If a product has not been in production during the full accounting period, approval may be granted based on cost data representing

that shorter period.

(d) If upon completion of the review, the administrator finds that a product has qualified as a Hawaii product, the administrator shall so notify the applicant in writing, list the product on the Hawaii products list as a registered Hawaii product, and notify the chief procurement officers and heads of purchasing agencies or designees of the decision. Applicants whose products do not qualify for the Hawaii products list shall be notified in writing of the decision and the reasons therefor. Any applicant whose product was determined not to qualify for registration on the Hawaii products list or who contests the classification may resubmit their application within thirty days addressing the reasons therefore. The administrator shall respond to the applicant within thirty days.

(e) Should the administrator receive a protest challenging the validity of the classification of a Hawaii product, the administrator may request an audit of the information provided should the need arise to determine if the proper classification of the product is as defined under Hawaii product in section 3-124-2. A request for audit shall be sent to the person having requested registration of the product on the Hawaii products list, and the person shall bear the cost of the audit. The administrator may also request any additional information determined necessary in order to determine proper classification. The administrator shall approve or reject the classification for each Hawaii product and advise the applicant or contractor within thirty days after receipt of information.

(f) Application, renewal, and other forms required shall be provided by the administrator. [Eff 12/15/95; comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §§92F-14, 103D-1002)

§3-124-4 Solicitation procedure. (a) Solicitations to which this preference is applicable shall refer to the preferences for Hawaii products in subchapter 1, chapter 124, and shall also contain a notice referring to the place where the Hawaii products list may be examined.

(b) To be eligible for preference, a product shall be qualified and registered on the Hawaii products list. The effective date of when a product is determined to be qualified and registered on the Hawaii

products list is one month after the product has been approved by the state procurement office.

(c) To be listed in a solicitation, the effective date when a product was qualified and registered on the Hawaii products list shall be no later than the date a solicitation is first publicly advertised.

(d) The classification of a registered Hawaii product on the date a solicitation is first publicly advertised shall determine the preference allowed the product.

(e) Prospective offerors shall be informed of the registered Hawaii product and its established class that meets the requirements for which offers are being solicited.

(1) When more than one registered Hawaii product meeting minimum requirements is available, a schedule describing all registered Hawaii products and their established classes shall be included in the solicitation.

(2) Purchasing agencies shall provide in the solicitation appropriate space(s) for offerors to designate their intention to use or supply a Hawaii product for those items for which registered Hawaii products are available, and to list the price of the Hawaii product f.o.b. jobsite, unloaded, including applicable general excise tax and use tax.

(A) An offeror who fails to designate that the offer submitted is based on a Hawaii product shall be presumed to be providing a non-Hawaii product, and award, when made to that offeror, will be on the basis that a non-Hawaii product will be delivered or used.

(B) Offerors shall specifically designate which registered Hawaii product shall be used or supplied and its price. [Eff 12/15/95; am and comp NOV 17 1997]
(Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

§3-124-5 Evaluation procedure and contract award.

(a) In any expenditure of public funds resulting from a contract award, a purchasing agency shall purchase any required product from the Hawaii products list where the registered Hawaii product is available,

provided the product meets the specifications and the selling price f.o.b. jobsite, unloaded, including applicable general excise tax and use tax and does not exceed the lowest delivered price in Hawaii f.o.b. jobsite, unloaded, including applicable general excise tax and use tax, of a similar non-Hawaii product by more than three per cent, where class I registered Hawaii products are involved, or five per cent where class II registered Hawaii products are involved, or ten per cent where class III registered Hawaii products are involved.

(b) Where a purchase contains both a registered Hawaii product and a non-Hawaii product, then for the purpose of determining the lowest evaluated offer, the offer for the Hawaii product shall be decreased by its applicable three per cent, five per cent, or ten per cent classification preference. The responsible and responsive offeror submitting the lowest total offer, taking into consideration any preference, shall be awarded the contract.

(c) The awarded contract amount shall be the amount of the price offered, exclusive of any preference.

(d) For evaluation purposes, no preference shall be considered between registered Hawaii products.

(e) Should more than one preference allowed by statute apply, the evaluated price shall be based on application of applicable preferences in the order specified below. The preferences (1) through (7) in this section shall be applied to the original prices. The sum of the preferences, where applicable, shall be added to the original price, except preference (1) shall be subtracted from the Hawaii products price.

- (1) Hawaii products list, pursuant to section 103D-1002, HRS;
- (2) Tax adjustment for out-of-state and tax exempt offerors, pursuant to section 103-53.5, HRS;
- (3) Preferred use of Hawaii software development businesses, pursuant to section 103D-1006, HRS;
- (4) Recycled products, pursuant to section 103D-1005, HRS;
- (5) Reciprocal preference, pursuant to section 103D-1004, HRS;
- (6) Printing, binding, and stationery work within the State, pursuant to section 103D-1003, HRS;

(7) Preference for persons with disabilities, pursuant to section 103-22.1, HRS.

(f) Should the price comparison for bids submitted pursuant to 103D-302, after taking into consideration all applicable preferences, result in identical total prices, award shall be made to the offeror offering a registered Hawaii product in preference to a non-Hawaii product.

(g) For proposals submitted pursuant to 103D-303 and after taking into consideration all applicable preferences, award shall be made to the offeror whose proposal is determined to be the most advantageous to the State taking into consideration the evaluated price and other evaluation factors set out in the request for proposals. [Eff 12/15/95; am and comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

§3-124-6 Change in class status. (a) A person whose product is on the Hawaii products list shall be responsible for informing the administrator of any change affecting the classification of the product within sixty days of the change.

(b) If, since the original application, there has been a change in either the method of production or the relative values of the Hawaii and non-Hawaii inputs to the production cost of the product(s), which could affect the product(s) classification, a new application must be submitted within sixty days of the change. [Eff 12/15/95; comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

§3-124-7 Biennial renewal. (a) All persons whose product(s) is registered on the Hawaii products list will be notified by the State thirty days prior to the date for biennial renewal or if a new application is required. A sixty day grace period is allowed for both the renewal and the new application after the preference expiration date which normally will be the end of an accounting period.

(b) An affidavit for renewal shall be submitted if, since the filing of the original application, there has been no change in either the method of production or the relative values of the Hawaii and non-Hawaii inputs to the production cost affecting the product classification. Provided the administrator is

satisfied that the classification of a registered Hawaii product is not changed, the administrator shall renew the registration and classification of the product.

(c) Failure to complete the biennial renewal or to provide any further information requested by the administrator shall be grounds for rejecting an application or for disqualification of the product.

(d) Any person receiving a notice for renewal for Hawaii products list qualification shall advise the administrator immediately if there is any reason why the person cannot comply within the sixty day grace period. [Eff 12/15/95; comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

§3-124-8 Termination. If change of status is not reported as required in section 3-124-6, or if the biennial renewal is not provided as required by section 3-124-7, the administrator shall terminate the registration of the product effective at the end of the sixty day grace period allowed. Any person terminated that desires to be reinstated on the Hawaii products list shall submit a new application. [Eff 12/15/95; comp NOV 17 1997] (Auth: HRS §§103D-202, 103D-1002) (Imp: HRS §103D-1002)

(c) At least annually, the administrator of the state procurement office shall make available a list of preference laws of all states to the chief procurement officers.
